## TERMS OF SALE

All coins and bills guaranteed genuine.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made upon successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

Collectors who make unlimited bids will get the lots at 5% above the highest actual bid entered.

**The terms are prompt cash settlement** after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

**Remit by money order, draft, check, or in any way most convenient. Stamps accepted for accounts that are below one dollar only.**

**Coins will be bought below your bids** where other offers permit, as this is competitive bidding, executed in good faith.

The usual charge of 5% will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. Postage and express is paid by the purchaser.

Receipted bills are not sent out after your remittance as this is unnecessary. **Your check, draft or money order itself is a receipt. However, if a 3-cent stamp is enclosed we will send receipt.**

**Be certain that you bid on the lot you wish to buy.** We will correct errors and adjust claims, but you should not expect us to pay for **your mistakes.** **Be careful in making your bids.** Be sure that you bid on the lot you wish to buy, and **at so much per piece.**

**Bids must reach me by the morning of the sale.** Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, and there are no higher bids, the first received gets the lot. When two or more unlimited bids on a certain lot are sent, the first one received gets the lot at a 5% advance over the highest actual bid.

Between the seller and buyer, my position in describing the con-

dition of coins and bills has been neutral. My classifications are generally considered to be conservative, by the collecting public.

It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values. It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece.

NOTE—A printed list of all the prices realized at this sale will be sent for one dollar, cash with order in advance. Or it will be furnished to bidders at this sale for only 25 cents in coin, if ordered in advance of the sale, and a quarter is enclosed with the bids. It is a great help and a satisfaction to keep posted on values.

## A TRIP ABROAD

(Continued from 116th catalog)

After an all-night trip on the train, we arrived in Stockholm at eight in the morning, and found comfortable accommodations in the Hotel Excelsior. Before going out on a coin hunt, of course, we had to get a bit acquainted with the city. So we visited the fine and stately Royal Palace and tombs of kings, and went about for a general view of the city and its magnificent situation. It is known as "The Venice of the North" and I think it is the finest city of Europe, a wonderful environment in which to live. The city is nicely planned, with fine buildings and streets, and many waterways. Ideal vacation land can be reached in but an hour or two by residents who after a week's hard work, they can get away quickly from the office, and enjoy sail-boating, swimming, and fishing or camping. Other playgrounds are near at hand, in beautiful surroundings. It is one of the cleanest cities in the world.

We could wait no longer for a good coin-hunt, so a visit to many shops and a check-up of clues loaded us down with coins and unloaded our pocketbooks. As there was considerable tonnage of heavy Swedish plate money, these were shipped direct to the home office, as usual with my purchases. There is always a grand feeling over the new acquisition of fine things in numismatics, so we were feeling extra good. It was on this occasion that we visited the Tegnere and ordered a waitress to bring forth whatever they thought a couple of good Americans had ought to have for a good meal. The results were definitely pleasing, though we did not quite dispose of the sixty-eight dishes and items brought us from the menu, we certainly made a fine showing, and gave a first-class account of ourselves. Yes, the Swedish are good cooks.

We visited several magnificent palaces and castles, including old Gripsholm, which is a three and one-half hours' boat ride from Stockholm. Here are hundreds of fine old art portraits of the Royal family, and it was the king's retreat in time of danger. Surrounded by water and a moat, with walls thirteen feet thick, it seemed safe enough in those days, no doubt.

The government coin cabinets are housed in the National Galleries and Museum. You see interesting groups of coin finds made in Sweden, chiefly Mohammedan and ancient Roman. It is correct to assume that it houses the world's finest collection of Swedish coins, and the collection is over half Swedish. Many unique pieces are seen here and they have one of the world's best collections of medals and decorations.

(To be continued.)

For 50 years its monthly visits have been a source of inspiration and a stimulus to all grades of collectors from the beginner to the advanced student.
